

# Exploring Pastel Underpainting Techniques

With Anne Whalon

- Pastel paper that accepts water or alcohol such as UArt sanded paper. About 11x14 or 12x18 (off white)
- A variety of soft and hard pastels (whatever you use)
- Small palette of Watercolors and brushes
- Cretacolor Aqua Brique set of 10 (\$20 on Amazon)
- Alcohol
- A small spray bottle for alcohol
- have India Inks and can share what I have. If anyone wants to purchase their own I use Dr. Martins India Inks - Hydrus which is more concentrated (which I use), but there is also Bombay which is not as strong of a color. Colors I use- purple, cadmium yellow and blue
- 1" or 2" soft brayer (the hard brayers don't roll as smoothly)
- Drop cloth or towel to cover your area
- Reference photos, preferably landscapes
